SUMMARY

The Interior Running Association (IRA) is a non-profit organization comprised of a Board of Directors, Running Club Representatives, and Race Directors. The IRA purpose is to promote and support running in the interior region of British Columbia. One way the IRA does this is by coordinating a series of running road races from February to September and a series of cross-country races from September to November.

This document provides guidance for race directors of events that /are to be included in the IRA road or cross-country run series. To be included in the IRA race series, the event must meet criteria, such as:

- Sanctioned by BC Athletics
- Does not occur on the same weekend as another race in the IRA run series
- Have adequate timing, results reporting and recognize top 3 in each 5-year age group
- For road races, have or working towards getting the race course certified and use established road race distances, i.e. 1mile, 5km, 8km, 5mile, 10km, 15km, 10mile, half marathon and marathon.

If the race meets the criteria to be included in the IRA Road or Cross Country Series, the race must:

- Mention that they are an IRA Series Race on their promotional material
- Be sanctioned by BC Athletics and have required permits/approval
- Use IRA race bibs bought from IRA at \$0.75 per bib
- Pay IRA \$0.75/race participant

The IRA looks for sponsorships from each area where there is an IRA series run to help cover the costs associated with the run series, which includes draw prizes, series awards and year end trophies. Sponsors are important for the success of the run series and, thus, they are acknowledged in the promotion of the series events and allowed a presence at the running events held in their area.

IRA's 2024 Sponsors are:

Road Series - Play Store

Cross Country – Starting Block

Bronze Sponsors – Cool Running, Fresh Air Experience, Peach City Runners, and New Leaf Physio

Race registration is coordinated through the IRA website using Race Roster program, with possibility of interfacing with some other registration systems such as Zone 4. Race registration is online with a cutoff usually at 6 p.m. the day before the race. Note, for IRA

events the race organizers normally cover the online registration processing fee. However, day of race registration may be allowed at the Race Director's discretion. The race entry fees are set by the Race Director/organization, with the aim of keeping the races affordable for runners and sustainable for the organizers. A discount for registrants with a BC Athletics Number should be available as their day or race insurance is covered by BC Athletics, unless the race has alternate/private day of race insurance. Race entry fees, deadlines and any restrictions should be clearly explained in the registration information so participants know what they are before they register. For example, running with dogs or other animals is not allowed (for safety and liability reasons). Also self-propulsion aids (e.g. rollerblades, skateboards, scooters, bicycles) are not permitted. However, the race director may allow the use of non-motorized wheelchairs or baby joggers, providing it can be done safely. Refer to the BC Athletics Road Race Etiquette Guidelines for more information.

Once results have been compiled, the race director/organizer recognizes 1, 2, 3 place finishers in each age category for male and female. Age groups are 1-15 (except races longer than 10km), 16-19, and then in 5-year increments from age group 20-24 up to 85+. It is at the discretion of the race director/organizer how they want to recognize these participants; such as a medal, gift certificate, chocolate bar, etc.

Right after the event is completed, the Race Director provides the results in the appropriate format to the IRA Director of Timing who posts the individual race results as well as the race series age category and age graded results on the IRA website.

As mentioned earlier, the IRA provides series race bibs to the Race Directors at a cost of \$0.75 per bib and collects an additional \$0.75 fee for each runner completing the IRA series race. These fees help cover the costs associated with the series awards and draw prizes.

After the series has completed, the IRA provides awards for:

1. Top 3 male/female in each age category (i.e. consistent with BC Athletics and Athletics Canada age group recommendations, 1-15 (except races longer than 10km), 16-19, and then 5-year increments from age group 20-24 up to 85+ for runners that do the minimum number of races and based on their best scores over the series. Currently for the road race series, runners must complete at least 4 of 10 races and their series score is based on their best 6 race scores. And for the Cross-country series, runners must complete at least 3 of 5 races and their series score is based on their best 4 race scores.
2. Iron Legs for the road race series is awarded to runners who complete all the road races in the series in the year. Iron Legs for the cross-country series is awarded to runners who complete all the cross-country races in the series in the year. And the Legs of Steel is awarded to runners who complete all the road races and all the

cross-country races in the series in the same year. Note, registered volunteers of an IRA series race can get credit for up to two races as a volunteer towards the road race series iron legs award, and up to one race as a volunteer towards the cross-country iron legs award.

3. The Willis Greenway Cup trophy to the top male and Heidi Muckle-Gader Cup trophy to top female age graded score for the road race series based on the total score of their best 6 races.
4. The male and female Runner of the Year Trophy and the Heinrich Spiller Award of Courage Trophy are based on nominations from the regional running clubs and voting by members of IRA at the IRA AGM.

The IRA Membership have a wealth of experience and knowledge regarding the running community and hosting running events. The IRA Executive have a goal to support the existing IRA series events and work with race directors for new events looking to be included in the IRA series.

INTRODUCTION

The Interior Running Association (IRA) is a not-for-profit organization that supports road and cross county running in communities throughout the region by providing resources and expertise to member clubs.

The IRA Directors, Officers, Club Representatives and Race Directors form the membership of the association.

This document was prepared to assist Race Directors in preparing for and conducting an in-person running race as part of the IRA series.

For more information on the IRA or a schedule of IRA races, refer to the IRA website: www.interiorrunningassociation.com

Also refer to the IRA Facebook page: www.facebook.com/InteriorRunningAssociation

IRA CONTACTS

If you have any questions about the IRA or would like to host an IRA race, contact a member of the IRA Executive. The IRA Executive includes:

- President
- Vice-President
- Secretary
- Treasurer
- One or more Directors at Large (e.g. Timing, Awards, Social Media, Website, Communications)

A list of the current IRA Executive members can be found on the IRA website.

IRA RACES

As of 2024, there are 10 in-person races in the Road Race Series and 5 in-person races in the Cross-Country (XC) Race Series. Note, the number of races in the IRA Road Race or Cross-Country series may change from year to year so check the IRA website for an update list of IRA series races.

To be included in the IRA Road or XC Race Series, the event must be sanctioned by BC Athletics. The purpose of sanctioning is to communicate to race participants, event partners and the general public that a designated event is being conducted in a fair, safe and responsible manner, in accordance with the rules and standards of the sport based on the nature of event being offered and where the event is registered as a competitive event, results achieved will be recognized by other national governing bodies for the sport and the IAAF. If Race Director wants to host a BC Championship road race, they would need to submit request to BC Athletics (BCA) before their deadline, and if accepted, then submit application for sanctioned by BCA and World Athletics at least 75 days before the race.

The IRA recommends that road race courses be certified. Course certification and sanctioning are different. Course certification specifically references the distance, change in elevation and % separation between start and finish of a race course. Sanctioning refers to the standards and rules which will be upheld during an event. Sanctions must be renewed annually. Unless the course changes, course certifications are valid for 10 years for Athletics Canada Certification and 5 years for World Athletics/AIMS Certification.

Tentative Race Schedule (actual dates will be posted on IRA website):

AWARDS

Series Awards:

The IRA offers several awards for the IRA running series.

To be eligible for **IRA series age group awards** in the IRA Road Race Series, a runner must complete at least 4 of the road races, and scoring will be based on their best 6 IRA road race results. To be eligible for IRA series age group awards in the IRA XC Race Series, a runner must complete at least 3 of the XC races, and scoring will be based on their best 4 IRA XC race results.

Any athlete who is able to complete all the races in the IRA Road Race Series is awarded the **IRA Iron Legs Award**. Similarly, any athlete who is able to complete all the races in the IRA Cross Country Race series is also awarded the **IRA Iron Legs Award**. Any athlete who is able to complete all the races in the IRA Road Race Series **and** all the XC Race Series is awarded the **IRA Legs of Steel Award**. Note, registered volunteers of an IRA series race can get credit for up to two races as a volunteer towards the road race series iron legs award, and up to one race as a volunteer towards the cross-country iron legs award.

The **IRA Runner of the Year Awards** were first presented in 1983 which was the year the IRA was formed. The male and female Runners of the Year are decided each year at the Interior Running Association's AGM. Nominations are received from the member clubs, and then a vote is taken. Each voting member of the IRA (i.e., Directors, Club Reps, Race Directors) gets one vote. To be eligible, a person must have run in enough races to qualify for series awards and must belong to one of the member clubs. The award is based upon a combination of running success and club or IRA involvement. Neither of these two factors is paramount. In other words, a runner could win this award with an incredibly successful year of racing, even though they were not active in their club. Conversely, a runner could finish well down in the series standings but win because of their tremendous contribution to the running community. Most recipients show a combination of both.

There is also an IRA award for the highest average age graded scores (based on an individual's top 6 scores of the road races) for male (**IRA Willis Greenway Cup**) and female (**IRA Heidi Muckle-Gader Cup**) for the Road Race Series.

Finally, there is the **IRA Heinrich Spiller Award of Courage**. This award was presented for the first time in 2002. It is in memory of Heinrich, who was a top-notch age group runner in the 55-59 and 60-64 categories. Heinrich ran, and won, while battling the cancer that eventually took him from us. His widow Susan, son Rob, and Grant Turner of Canadian Tire in Vernon have donated this award to the series. The award honors the runner who best personified courage in the face of physical adversity. Many people choose to face this sort of battle in private, and we respect your wishes, and salute all of you. The Heinrich Spiller Award is decided each year at the Interior Running Association's AGM. Nominations are received from the member clubs, then a vote is taken. Each voting member of the IRA (i.e., Directors, Club Reps, Race Directors) gets one vote. To be eligible, a person must belong to one of the member clubs and have continued to be involved with the Interior Running Association in some capacity.

A list of previous IRA award winners is available on the IRA website.

Race Awards:

For IRA series races, the race director (or member of race organizing team) will recognize the 1st, 2nd and 3rd place finishers in each applicable age groups for male and female (consistent with BC Athletics and Athletics Canada, 01-15 {except races longer than 10km} and then 5-year increments from age group 20-24 up to 85+). The recognition may be in the form of a medal, ribbon, token, gift card or other appropriate item. Finisher medals/tokens for all runners are not required for IRA races and left up to the decision of the race director. Draw prizes for race participants and volunteers are recommended, but not required and would be up to the race organizing team to arrange (refer to IRA Guidelines on Draw Prizes). The IRA may provide one or more draw prizes for an individual IRA race and for the IRA race series.

RACE REGISTRATION AND RESULTS

A schedule of IRA events is listed on the IRA website, with links for online registration. For the IRA events, the online registration handling fees are covered by the race organizers so that the runner pays just the race entry fee. When registering for an IRA event, the participant will be asked if they want their name to be visible on the registration confirmation webpage. For IRA events, registration is usually done through the Race Roster website and confirmation of participants is available from this website.

For IRA races that use the BC Athletics event insurance (selected during the sanctioning application), the race organizers do not collect the BCA day of event fee as part of the registration process from participants who have a BCA competitive membership (currently day of event fee is \$5 per person). So these participants would get a discount on their entry fee. However, for races that have adequate alternative insurance (i.e. do not use the BCA insurance), they do not need to collect the BCA day of event fee from any participants. To ensure that your alternative insurance is adequate, refer to the “BC Athletics Alternative Liability Insurance Checklist for BC Athletics Sanctioned Events” and the “BC Athletics Alternative Liability Insurance Waiver and Indemnification for BC Athletics Sanctioned Events” documents on the BC Athletics Website.

Note, Athletics Canada has guidelines for minimum age for children to participate in road races (link: [DistanceRecommendation_2014-01-15.pdf \(acroad.ca\)](#)) depending on the distance, and this should be considered when setting up registration for the event.

After each race, the individual race results and IRA series scores (i.e. Age Group and Age Graded Standings) can be viewed on the IRA website.

Within one week after the race, the race director is required to complete the BC Athletics post event submission form online and send pay fees due to BCA.
